# **Georgia e-Health Summit**

**Wednesday, June 15, 2005**

**Atlanta Area**

**(Agenda and speaker roster will be announced shortly)**

**PURPOSE:** An all day session to convene key stakeholders to initiate discussions about developing a Regional Health Information Organization (RHIO) in Georgia.

*The Georgia e-Health Summit is being planned by the Georgia Strategic Local Implementation Process (GSLIP). GSLIP is a collaboration of interested health care sector parties designed to promote HIPAA compliance and electronic communication among health care entities.*

*All interested individuals are invited to join GSLIP.*
